

TWELFTH BRIEFING NOTE ON THE EXTRAORDINARY FLOODS CAUSED BY THE DANA (CUT-OFF LOW) FROM 26 OCTOBER TO 4 NOVEMBER 2024 IN VALENCIA, ANDALUSIA, CATALONIA, CASTILLA-LA MANCHA, THE BALEARIC ISLANDS, ARAGON AND OTHER AREAS AND THE MANAGEMENT OF THE COMPENSATION TO BE ASSUMED BY CONSORCIO DE COMPENSACIÓN DE SEGUROS (CCS) ATTACHED TO THE MINISTRY OF ECONOMY, TRADE AND BUSINESS

In relation to the serious situation caused by the DANA (cut-off low pressure system) that has produced **from 26 October to 4 November 2024** extensive damage due to flooding and windstorms in large areas of the east and south of the Iberian Peninsula and the Balearic Islands, particularly the tragic floods in Valencia and Albacete on 29 October, Consorcio de Compensación de Seguros (CCS) reports the following:

1. As of 7 p.m. on 16 February 2025 CCS has filed 241,373 claims.

By **type of exposure**, the breakdown of claims received is as follows:

- Residential properties: 78,776 claims.
- Motor vehicles: 141,324 claims.
- Shops, warehouses and other single risks: 15,250 claims.
- Offices: 1,056 claims.
- Industrial risks: 4,893 claims.
- Infrastructure: 74 claims.

230,349 of these claims are located in the province of Valencia (95.4 % of the total).

The stated number of claims submitted includes those duplicate or ineligible, so the active claims amount to 229,608.

We would like to point out to anyone who has submitted a claim that it is not necessary to submit it again for the same damaged property.

2. CCS handles an insurance solution, and as such there are some indispensable prerequisites that have to be fulfilled before the payment is made, as are the adjustment of the loss, the report that the loss adjusters have to write assessing the loss, the verification of the general and specific conditions underwritten by the

insured and the payment of the corresponding extraordinary risk surcharge, as well as the verification about the ownership of the damaged property, the bank account naming, and thus make the payment to the damaged property's owner. Compensations to every insured vary depending on the particular insurance policy underwritten.

In the event that the damage processing is commissioned to an insurance company, the insured must contact their insurance company to find out the status of their file.

3. Once the assessment of damage has been received, and the file being complete, CCS will proceed to make the payment of the compensation to the insured.
4. **As of 7 p.m. on 16 February 2025 CCS has paid 146,897 claims, for a cumulative amount of € 1,933,056,370**, broken down by type of exposure as follows:

• Residential properties	41,417 payouts for €585,282,096
• Motor vehicles	96,236 payouts for €816,113,733
• Shops, warehouses and other single risks	6,899 payouts for €304,347,435
• Offices	501 payouts for €14,253,935
• Industrial risks	1,833 payouts for €209,419,972
• Infrastructure	11 payouts for €3,639,199

These figures include the payment by the CCS of all the requests sent by the insurance companies derived from the special operating procedure between the CCS and the insurance companies for the collaboration of the insurance companies in the management and assessment of damage caused to vehicles, homes, shops and offices, of those files that have been sent complete by the insurance companies to the CCS.

Breakdown by municipalities of claims filed and payments made appear in Annex for those municipalities with more than 100 claims filed.

5. CCS will continue to update these briefing notes as the management of the loss event advances.

Madrid, 16 February 2025

ANNEX: Breakdown of claims filed and payments made for municipalities with more than 100 claims filed.

(As of 7 p.m. on 16 Feb 2025)
